## Have you ever considered starting your own business and working for yourself?

This could be a life-changing evening! Find out if you have the same proven strengths found in successful entrepreneurs. Get answers to questions you haven't thought to ask yet. The evening will help you to start with confidence and lead you down the right path as you gain guidance from our experienced mentor currently helping clients launch their own business!

Classes include your own hardcover entrepreneurial book to take home, an assessment resulting in a customized profile listing your entrepreneurial strengths, as well as the opportunity to engage and network with a roomful of like-minded women who are also looking to venture out on their own!

Space is limited to the first 15 to register!

Participants should already have a business idea — Registration will close by 5:00pm on July 12, 2021 to give you ample time to complete the personal assessment prior to class.
